Pricing Models Steven Wasserman is a professor at the University of California, San Diego (UCSD). He earned his A.B. in Biology from Harvard University and his Ph.D. in Biological Sciences from MIT. Through his research on regulatory pathway mechanisms in the fruit fly *Drosophila*, Steve has contributed to the fields of developmental biology, reproduction, and immunity. As a faculty member at the University of Texas Southwestern Medical Center and UCSD, he has taught genetics, development, and physiology to undergraduate, graduate, and medical students. He has also served as the research mentor for more than a dozen doctoral students and more than 50 aspiring scientists at the undergraduate and high school levels. Steve has been the recipient of distinguished scholar awards from both the Markey Charitable Trust and the David and Lucille Packard Foundation. In 2007, he received UCSD's Distinguished Teaching Award for undergraduate teaching. Setting the standard for excellence, accuracy, and innovation Campbell Biology AP® Edition delivers a trusted, accurate, current, and pedagogically innovative experience that guides students to a true understanding of biology. The author team advances Neil Campbell's vision of meeting and equipping students at their individual skill levels by developing tools, visuals, resources, and activities that encourage participation and engage students in their learning. Known for strategically integrating text and artwork, this trusted course solution works hand in hand with Mastering® Biology to reinforce key concepts, build scientific skills, and promote active learning. The 12th Edition meets demonstrated student needs with new student-centered features, expanded interactivity in the eText, downloadable Reading Guide worksheets that emphasize key concepts, and fully revised assessment program.
